

How to Play Eagle Wing

The goal of Eagle Wing is to complete all four foundations. The first card in each foundation must match the rank of the first card of the first foundation at the start of a new game. Another card can be placed on top of a foundation if:

- It is the same suit as the card on top of the foundation
- Its rank is higher than the rank of the top card of the foundation

Cards from the wings can be played to the foundations. A card in one wing pile can also be moved to another wing pile if:

- It is the same suit as the card on top of the wing pile
- Its rank is higher than the rank of the top card of the foundation

Any wing piles left empty will be automatically filled by the top card in the trunk. Cards can also be played from the discard pile in the top left corner. If you cannot play the top card of the discard pile, you can also draw from the draw pile next to the discard but. However, only two total redeals are allowed. That's it, have fun!
